CORE SKILLS

Daily Driver

TypeScript

Frontend

React Next.js Astro

Tailwind

Backend

Node.js NestJS Express

GraphQL

Databases

PostgreSQL MongoDB

Architecture

Hexagonal DDD TDD

Clean Code

DevOps

Docker AWS GitHub Actions

Aarón Pérez Pérez

Software Craftsman

Senior Full-Stack Developer | 6+ Years Experience

ABOUT ME

Dedicated Software Engineer with 6+ years building robust and scalable systems through clean code, hexagonal architecture, and agile methodologies. Passionate about software craftsmanship, emphasizing that quality code results from developer dedication rather than mechanical rule-following. Focused on TypeScript ecosystem with deep experience in React, NestJS, and modern architectural patterns.

EXPERIENCE

Beonit

Nov 2024 - Present

Senior FullStack Developer

Madrid, Spain (Remote)

Building modern full-stack solutions with focus on scalability and clean architecture.

TypeScript React NestJS PostgreSQL
